Dear Terry

I am writing on behalf of the Business & the Environment Programme's Management Committee and Faculty to thank you for your presentation at the Programme's West Coast Senior Executives' Seminar and for sharing your ideas and your insights in such a generous fashion. I am only sorry I wasn't able to be there to hear it for myself.

The session was very well rated by delegates, who found your contribution really useful. I thought I might share with you a sample of comments by way of an example:

- Powerful, relevant and dynamic
- Very encouraging news
- Impressive initiatives convincingly delivered
- Good info. At last we are starting to get involved
- Excellent - now getting to action or at least possibilities
- Valuable information about state activities, especially given federal inaction
- Great to hear government viewpoint and advocacy possibilities
- Pragmatic, practical and encouraging
- Great to hear from the political perspective

Thank you again for contributing to the success of the seminar. We know that we need to work continuously to improve the experience and enhance the impact on senior decision makers, so if you have any comments or suggestions on the overall content or the process of the Seminar, I would be very pleased to hear from you.

Kind regards

Polly Courtice
Programme Director
