Dear Mr. Tamminen:

On behalf of the Officers and Board of Directors of the National League of Cities (NLC), please accept our sincere thanks for your participation and contribution to the success of the 84th Annual Congress of Cities and Exposition.

Your participation as the opening general session speaker, Thursday, November 15, was terrific. Your message regarding climate change and what cities in the United States are doing and some simple things others can do to help solve the problems associated with Climate Change was informative and relevant to all of our members. I sincerely appreciate that the information you provided and the engaging way in which you presented your material was relevant to city officials from municipalities of all sizes. I especially liked how you opened up your session with a question "For what will we remember this day?" We received many positive comments from our delegates about your presentation.

Best wishes for a happy and healthy holiday season.

Very Truly Yours,

  
Donald J. Borut  
Executive Director
